3,000 Square Feet of Quilting

Since April 2004, we have been located on the ground floor of a 122 year old building [below, on right] at 120 North Main Street in the heart of Bluffton's picturesque downtown.

We visited quilting shops for over a decade gathering ideas and wishes to implement in our quilt store. We wanted it to be warm, spacious, well lit, and friendly. A place where you could watch the long-arming and ask questions. A place where non-quilting companions could sit and read magazines or newspapers while the quilter peruses and meanders. A place you would want to **Enter . . . and feel welcomed.**

We have places to relax...

Places to browse...

Places where loved ones can be preoccupied.

Quilting Fabric

Our showroom is stocked with 3,000 bolts of quilt shop quality fabric from manufacturers like Moda, RJR / Thimbleberries, Red Rooster, Robert Kaufman, Hoffman Fabrics, Blank, etc.

We designed and built our own oak display cabinets. The design keeps the fat quarters with their bolts. This simplifies coordination, as you can carry the fat quarters around instead of the bolts. It also means that we have over 5,000 fat quarters precut and available just for you.

The fabric selection is divided into several areas: Color coordinated basics [we refer to as our "Color Wall"], collections, and the "Clearance Cove" [where you get quilt shop quality fabric at chain prices]. We also stock quilt backings up to 120" wide.

Batting

We carry high quality batting from Quilter's Dream Company. Their batting is available in numerous thicknesses of polyester & cotton (wool can be special ordered). Pre-packaged in bed sizes from throw to king makes selection easier.

Books, Magazines & Patterns

Books, magazines and patterns are "Idea Central" in a quilt shop. Come, browse this constantly - updated area and take advantage of our padded seating.

Notions

If it is for quilting, we try our best to stock it: pins, needles, cutting mats, bias tape, hoops, stencils, labels, marking tools, pressing pads, foundation paper, measuring tools, rippers, stabilizers, thimbles, tiger tape, and so much more!

Gifts

Have a special friend that would appreciate a quilt themed gift? We have cards, tea towels, calendars, candles ... to name a few. We even have a selection of stained glass quilts as well as finished quilts!

Classes

Our training area is completely equipped with Pfaff sewing machines, irons, cutting boards, rotary cutters, rulers ... everything you need.

We are constantly expanding our choices of classes. Our training area is completely equipped with Pfaff sewing machines, irons, cutting boards, rotary cutters, rulers ... everything you need.

Quilt With A Friend

When classes are not scheduled, you are free to reserve the area for use by yourself or up to seven friends. We call this "Quilt With A Friend". And, there is no charge for this service.

Our Web-Site

Our site is updated several times per week. Check here for the newsletter, BOMs, PMSs, shop hops, specials, classes, on-line store - you name it.

Come see us at www.fisllc.com.

Long Arm Quilting Services

We have two long-arm Statler Stitcher™ / Gammill™ Optimum machines. We can handle quilts up to 147" wide and up to 15 yards long. We can satisfy your quilting needs from a small table runner to a king bedspread or home decorator items.

Our equipment gives us the ability to produce the maximum flexibility for your quilting needs with automated stitching.

"Automated" stitching is so exact that it excels at intricate designs, and allows you to choose the designs and the layout of your quilt to accent your quilt top, without relying on the artistic talent, or lack thereof, of the particular quilter(s) that work on your quilt.

We have well over 1000 different patterns ready for your quilt. We use our computer automated design tools to make special patterns that are requested. We have developed over 500 patterns, which we sell to other shops. Also, there are hundreds of additional patterns available from other designers that we can get for you.

When combined with our large choice of thread, from invisible, solid, or variegated we can achieve many different effects, including incredible stitching that does not detract from your quilt, while adding another dimension to it.

Schedule an appointment with our qualified personnel to review and check-in your project. A Long-Arm Brochure is available to explain the pricing of this service in detail. The brochure & scheduling information are maintained on our web-site. We do offer a last minute "Expedite Service" to schedule your quilt "next in line" if a faster turn-around time is required for emergencies..
